Gentlemen:

On March 5, 1986, I purchased a Chambers Microwave Oven,
Model No. Z 245. I have been experiencing some problems

with the product, which I would like to have remedied.

I purchased the microwave oven from A.B.C. Appliances, who
have recently experienced a fire and are, therefore, unable
to provide any service.

May I have your authorization to send the microwave oven to
your factory for service?
